Celebrating Book Week at AusIS

Dear Parents,

As part of our drive to maintain, promote and engage students' interest in reading, AusIS is celebrating Book Week from 12th to 16th February.

This letter contains important information about the many exciting activities during the week. The students will be participating in lots of exciting activities such as writing alternate endings to a story/novel, impromptu performance with selective objects and a visit from Mojar School, a school for underprivileged children.

Also, please keep in mind that the book fair is organized and takes place in the reception area; the book fair is also open to parents from 2:00-3:00 pm this week. Please motivate your child to buy and read books.

The dismissal time of students on 14th and 15th Feb is at 3:30 pm as there will be events with guest speakers and performers (guest speakers- comic writer and parent, performers from parents and teachers).

We hope that our effort to motivate and inculcate the passion for reading and gaining knowledge in our students for being a life-long learner is successful with your continued support.

Sincerely,

MYP Book Week Committee
